April 11, 2016:

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2014-15 educational progress for the Bath Community School District and our schools. The AER addresses the complex reporting information required by federal and some requirements of state laws. Our staff is available to help you understand this information. Please contact Jake Huffman for help if you need assistance.

The DISTRICT AER is available for you to review electronically by visiting the following web site www.bathschools.net or you may review a copy in the main office at your child's school. Each school will also be communicating their own AER to parents directly.

These reports contain the following information:

Student Assessment Data – Elementary or middle school assessment results on the Michigan Student Test of Educational Progress (M-STEP), high school assessment results on the M-STEP component of the Michigan Merit Exam (MME), and assessment results for students with disabilities on Michigan's Alternative Assessment Program (MI-Access).

- Presents achievement data for all four tested subjects (English language arts, mathematics, science, and social studies) compared to targets for all students as well as subgroups of students
- Helps parents understand achievement progress within schools and compare these to district and state achievement

Accountability Scorecard – Detail Data and Status

Due to the transition from MEAP tests to the M-STEP test, the accountability portion of the AER is limited to assessment participation and graduation/attendance rates. Full accountability reporting will resume with the 2015-16 AER.

Elementary School

13789 Webster Road
P.O. Box 310 • Bath, MI 48808-0310
517-641-6771 • Fax 517-641-7288

Middle School

13675 Webster Road
P.O. Box 310 • Bath, MI 48808-0310
517-641-6781 • Fax 517-641-4996

High School

6175 E. Clark Rd.
P.O. Box 310 • Bath, MI 48808-0310
517-641-6724 • Fax 517-641-7046

Teacher Qualification Data

- Identifies teacher qualifications at district and school levels
- Reports percentage of core academic classes taught by teachers not considered highly qualified to teach such classes

NAEP Data (National Assessment of Educational Progress)

- Provides state results of the national assessment in mathematics and reading every other year in grades 4 and 8

Our school district continues to strive to meet the needs of every student in our district. It is our goal to prepare every child to become a productive member of our society with the skills necessary to perform in college, the military, or the workplace. Every student is a priority to our staff and we continue find ways to keep every child unique and to address their educational needs as individuals. Our district continues to face today's educational challenges and grow as a district academically and in performance. With our solid K-8 foundation and a High School program that challenges students through AP Courses and AP Course offerings that are second to none, multiple Dual Enrollment opportunities, and a variety of Career Technical Education programs, every Bath Community Schools student will be well prepared to succeed in our society. Our intervention programs target the needs of every student, and we encourage all parents to get involved in their child's education as our educational partners. Please contact your school principal to discuss how you can get involved with your child's education.

Sincerely,

Ronald J. Huffman, Jr., Ed.S.
Superintendent
Bath Community Schools
